**Walk in cloak**

walk in cloak has enough space and can be designed according to the pendant area, stacking area, underwear area, bedding area, etc.

**Your cloakroom, your way**

You can participate in all designs, just tell us your ideas and needs.

PA Kitchen is a professional whole-house custom.

Your cloakroom, your way

The beauty of a custom wardrobe is quality and craftsmanship.

The first thing you need to do is decide on the design and style. Custom closets can appear in your home in a variety of design ideas that you can imagine.

We provide complete house design customization, we have an experienced designer team to meet the style you want

**Door panel material**

The glass mirror wardrobe door is matched with the plain color door, which is clean and shows large space, and the whole cloakroom is more atmospheric.

**Choose us**

Customized wardrobe has different styles. In order to better match their own home space and meet their own needs, most consumers are more inclined to purchase customized wardrobes. Its style and various functions are both an expression of the owner's attitude towards his life and a highlight of home decoration.

**Walk in cloak**

Use mirrored door inserts and glass shelving for that starlet feel or use beautiful wood finishes and decorative moldings to match existing. These spaces can be modern, traditional, a combination of styles or unique.

Door color: L3101

Customized furniture not only meets consumers personalized aesthetic needs, but also has more personalized functions.

Such as a wardrobe, all clothes and accessories can have their own storage space, which not only looks neat, but also easy to access.

Door color: Y506

**Wardrobe**

Wardrobe closets combine the storage and organization capacity of a reach-in while offering the versatility of armoire cabinetry.

These furniture looking built-ins are a popular solution when space is at a premium and style is a priority.

**The mirror**

Mirror reflection, the space is broader.

### Walk in cloak

The wardrobe is generally divided into several storage areas.

At a glance, we can clearly distinguish the hanging area, folding area and storage area.

The wide and scientifically classified structure allows all clothing to be placed in a neat manner,so the storage space is enormous.
