

Outdoor Speaker

The architectural speakers by Sonance for outdoor listening.

SONOS

Get detailed sound in your backyard or on your patio with Sonos Outdoor by Sonance. Power these wired speakers with Amp to enjoy the full Sonos experience.

Sonos Architectural powered by Amp

With a shared commitment to superior sound and great design, Sonos and Sonance have partnered on a collection of passive architectural speakers optimized for Sonos Amp.

Passive speakers require an amplifier.

Weatherproof

These speakers are engineered to withstand humidity, water, salt spray, heat, UV rays, and freezing temperatures.

The Exceptional Sonos Experience

When paired with Amp, these speakers unlock all the benefits of the Sonos system, including an easy-to-use app that works with all your favorite streaming services, Apple AirPlay 2, regular software updates that improve your listening, and the ability to add Sonos speakers and components to your setup at any time.
